• : Since 2009-2010 and through end of available tax data; currently Executive Vice President.

Compensation figures comes from the IRS 990 form. Data from 2008-2009 onward reflect different IRS reporting requirements due to changes in the 990 form. To facilitate verification with the 990 form, figures have not been adjusted for inflation.

Compensation figures reflect the same categories used in the Chronicle of Higher Education's presidential rankings, but have been adjusted downward to exclude any deferred compensation in the year that it vests.
